Discount Impact

Insights:

- **New York** leads store performance (~\$0.8M) — nearly double Berlin's output
- **Praline & White Chocolate** drive the most profit despite not being top-revenue categories
- **No-discount transactions** generate the vast majority of revenue — discounting isn't the main growth lever here
- Customer base is **near-evenly split** between Members (49.88%) and Non-members — loyalty program has room to grow
- **February dip** in Revenue and Profit recurs in both 2023 and 2024 — a seasonal pattern worth planning around
